REMARKS

Provisional election with traverse:

In the reply to restriction requirement filed on May 8, 2001, applicants elected with traverse claims 5 and 7, wherein the matrix components are selected from the group consisting of a homo- and copolymer of N-vinylpyrrolidone and a cellulose ether. In the office communication dated August 1, 2001, the examiner required that the applicants elect one ultimate polymer from claim 5 (exemplary) for examination.
